PROFILE

Hi there! I'm a computer science enthusiast with a keen interest in web development. I believe that the digital world is our canvas, and I'm excited to create beautiful and functional experiences for users across the globe. As an aspiring web developer, I bring a passion for creating elegant and user-friendly digital experiences. My background in computer science equips me with strong problem-solving skills and a solid foundation in programming.

SKILLS

Front-End Development:

- Proficient in HTML, CSS, and JavaScript.
- Familiar with modern front-end libraries and frameworks like React and Angular.

Back-End Development

- Basic knowledge with server-side languages such as Node.js or PHP.
- Database management using MySQL, MongoDB.

Programming Languages

- Comfortable with Python, C# and .NET Framework, R.

INTERNSHIP EXPERIENCE

Prodify Infotech

Web Developer Intern

July 2024 -August 2024

PROJECTS

- **Travel-Planner**-Collaborated with a team to create a website that helps travelers to explore the Karnataka by instructing them through WhatsApp or e-mail.
- **Hidden-Heaven**-Developed a simple platform using a php, where Users can upload and search the hidden places.
